Confession: I know how you different attitudes to plagiarism. In the West the author is the sole creator or originator of his or her work. Therefore, plagiarism is a violation against the author and is viewed as morally wrong. However, other cultures do not regard plagiarism as a sin and do not view it as wrong. In other cultures the ability to repeat the thoughts of others is such an essential a requirement of good students practice that students, whether you are using words from writing or other settings, you must put quotation marks around those words, and you must say where you got the information from at all times. How plagiarism works 

- (1) borrowing the sole creator or originator of the creative property
- (2) the ability to repeat and rephrase the words of other people
- (3) using the words of someone else and labeling it as your own
- (4) changing use of quotation marks around and after the words of others

B 以下英文對話，是關於“英語學習方法”話題的討論的一部分。請在文中 40 ~ 42 方框中填入合適的內容，從下面①~④選項中選出最恰當的一項。

Woman: Japanese people are said to be poor at English. They seem to have special difficulty with listening and speaking. Today, I would like to ask you questions about how much Japanese know English words.

Mr. Tanaka: Thank you. My view is that if Japanese people want to improve their English proficiency, they need more opportunities to hear and English. I think they should live in a country where English is spoken. Of course, learning vocabulary while you are in Japan is important, but listening is really important as well. This is because recorded in Japan, the spoken is usually much slower than in natural English. It is better that students learn English speaking naturally from a native speaker.

Woman: So, Mr. Tanaka, you're saying that to improve their listening skills, they need 40

- ① live in a country where they could see English
- ② live in a country where English is spoken
- ③ learn English vocabulary in Japan
- ④ improve themselves in natural English

Mr. Tanaka: It is true that getting themselves in a situation where they hear English all around them is an important way to improve it. But an important way of learning English is through English communication programs in the radio or on TV. This is one of the fastest and easiest ways of improving English communication skills. Listening to them on the radio or TV for just 10 or 15 minutes a day will improve your English quickly. Actually, there are many ways to learn English.

Student: Using the app, you and the teacher learn about different aspects that lead to the  in the best approach and easiest way of learning English.

- (1) using the handwriting mode
- (2) adding in a foreign country
- (3) adding watching the video
- (4) adding in an alternative way

Student: Are there any other ways to learn English?

Mr. Kim: I don't think you learning in the video or TV English program will guarantee a mastery of English. Learning through these media usually teach you fixed patterns of communication, so you don't learn how to respond freely. In addition, the video or TV English program has enough time and space to help students use common English. It is not a learning through the media people could go to an English conversation class and talk with group members, or better still, talk private tutors. They may give you more fixed patterns of communication and a flexible way to respond to them in their communication with a native speaker. This enables the most effective and convenient way of learning English while allowing going ahead.

Student: Thank you, Mr. Kim. What you said is the .

- (1) learning through the media with adding content in the most effective way of learning English.
- (2) using communication device while learning a video or TV English mode should be appropriate and convenient.
- (3) talking device in a small group or privately would be the most convenient and best approach way to learn.
- (4) learning fixed patterns of communication will certainly teach you how to respond flexibly in what you go up to English.
